Women-Owned Business Registration

After getting your business registered in the System for Award Management (SAM), US Federal Contractor Registration (USFCR) will determine if you qualify for Economically-Disadvantaged or Women-Owned Small Business (ED/WOSB). Our Women-Owned business registration service will get you in compliance for the ED/WOSB set-asides. We will also make sure your business is entered in the SBA’s woman-owned small business repository.
